Improve Outcomes With Our Powerful Billing Solution

CareSmartz360 offers a reliable billing solution that reduces repetitive manual tasks, collects payment from clients with one click, minimizes third-party claim denials and maintains cash flow, everything right from one platform. Our solution allows home care businesses to get paid faster.

Process Payments With a Click

Create error-free invoice batches, customize them for different payers, and send with a click of a button.

Supports Multiple Payers

CareSmartz360 supports multiple payer sources, including Medicaid, LTCI, Veteran Affairs & Private Pay.

Secure Third-Party Integrations

Our flexible technology with open APIs works seamlessly with your existing billing tools like QuickBooks, Paychex, and ADP.

Medicaid Claims

Our GPS mobile app & telephony captures care logs in real-time & saves time by directly sending them to billing for easier claim submission.

Receivables Reporting

Use robust reporting features to determine which accounts have outstanding balances, monitor claim activity, etc.

Get Paid Faster

Stay ahead of claim denials and empower your clients with a dedicated portal to view detailed invoices and make quick payments.

“

Amazing Product. It has solved all my billing and payroll issues. The same information pulled for one process is used for the other, so you don't have to do the same thing over and over again. And I love customer support. I don't even have to call... chatting online works just as well. I'm glad I switched.
