Improve Outcomes With Powerful Billing Solution

CareSmartz360 offers a reliable billing solution that helps reduce repetitive manual tasks, collect payment from clients with one click, minimize third-party claim denials and maintain cash flow, everything right from one platform. Our solution eliminates all billing frustrations and allows home care businesses to get paid faster.

Process Payments With a Click

Create error-free invoice batches, customize them for different payers, and send them with a click of a button.

Supports Multiple Payers

CareSmartz360 supports multiple payer sources, including Medicaid, LTCL, Veteran Affairs & Private Pay.

Secure Third-Party Integrations

Our flexible technology with open APIs works seamlessly with your existing billing tools like QuickBooks, Paychex, and ADP.

Medicaid Claims

Our GPS mobile app & telephony captures care logs in real-time & saves time by directly sending them to billing for easier claim submission.

Receivables Reporting

Use robust reporting features to determine which accounts have outstanding balances, monitor claim activity etc.

Get Paid Faster

Stay ahead of claim denials and offer your clients a dedicated portal to view invoice details while being able to make quick payments.

Amazing Product. It has solved all my billing and payroll issues. The same information pulled for one process is used for the other, so you don't have to do the same thing over and over again. And I love customer support. I don't even have to call... chatting online works just as well. I'm glad I switched.
