Key Benefits:

Collaboration Across Different Locations

- Oversee all locations from a central hub for efficient communication.
- Set standardized processes to maintain consistency of service delivery.
- CareSmartz360 single-handedly helps you manage scheduling, billing, payroll, and reporting.
- Tailor certain operational aspects to align with local demographics & cultural norms.

Train Caregivers In All Locations

- Learn2Care—an online training platform helps you to enhance your caregivers' skills while meeting compliance.
- Franchise owners can tailor training programs based on regulatory compliance and specialized care services.
- Tracking and assessment tools enable franchise owners and managers to monitor caregiver progress.
- Franchise owners can provide feedback & offer extra support or training as needed.

Centralized Franchise Operations Management

- Login from one account to quickly view all franchises' data.
- Access in-built communication tools & stay updated in real-time.
- Streamline operations, enhance client care, and optimize home care with our reporting and analytics feature.
- Use the billing & invoicing functionality to generate invoices, track payments, and manage billing cycles.

Compute Accurate Royalty Calculations

- CareSmartz360 fetches the sales numbers directly from your franchises' POS system.
- Stakeholders can quickly view rules that apply for a multi-unit franchise from a centralized solution.
- Generate automated royalty invoices based on imported or franchisee-entered sales data.
- Highlight areas of opportunity with key performance metric benchmarking.

We needed more than just software; we needed a strategic partner who understood the nuances of our industry.
